

## W1.1 CHOOSE A PROJECT

### The project

Working in groups of 3–4, choose a design challenge (five to choose from).

**HINT:** You might like also to have a look in the local press for an issue which interests you.

**Q:** What is your challenge?

### Sustainable Development Goals

The Sustainable Development Goals (SDG's) are global goals which provide a broad focus for development, design and innovation which enables both people and planet to thrive. Most problems (and solutions) can link to at least one SDG.

For your chosen area of interest use the diagram below and circle up to 3 SDG's which link to your challenge.

**Which SDGs does your challenge link with?**

**Q:** How do these goals link with your chosen challenge? Make some notes here:
