

W2.1 MY DESIGN CHALLENGE

Steps

Follow the process below to help you to focus your design.

a. Frame your challenge

Give a simple explanation of what you want your design to achieve or do by completing the following:

The challenge my design will solve is... (add a description of the problem)

To solve this challenge, my design will...

b. Consider the context

Describe some of the factors (e.g. location, resources, and users) that are important to consider.

c. Design a question

Using the information above, phrase your challenge as a question. Be careful to clearly describe different elements if necessary. e.g. How might we make urban cyclist more visible to drivers at night?
